

2024-25 AACTIVE DART LEAGUE PLAYER RANKINGS - as of June 10, 2024

an explanation of the rankings is at the bottom of this player list

Less than 24 (*) or 48 () total games will have rank compared to last season played as a Regular Player**

Players with stats not from the Aactive Dart League will (also) be compared.

Summer League stats will be used for New Players or Spares with minimum games played

Players not listed may have Stats on File. List subject to change due to changes, additions or omissions.

All decisions by the Aactive Dart League are Final

Players Sorted by Level & Name			Players Sorted by PPD

Aactive Dart League (ADL) Player Ranking Information for 2024-25

The ADL Player Rankings established in 2010 is used for player & team placement for our leagues' start up.

If your name has a * / ** or is not on the current ADL Player Rankings, call Paul at 204-979-3278 to get your PPD for the upcoming league season.

Your Player Ranking determines which Winnipeg Vegas League(s) you can play in. Other leagues & tournaments may use these rankings for team and/or player placement.

0 & 1 - Super Vegas. Players ranked "0" must play super Vegas A

2 - Open or Super Vegas

3 - Intermediate, Open or Super Vegas

4 - Novice, Intermediate, Open or Super Vegas

Divisions will be used in our leagues based upon # of teams as required.

There is no set Team PPD cutoff for Novice on Tuesdays & Open on Thursdays. Leagues will follow the same criteria the Aactive Dart League & NDA use to place and rank teams for any tournaments. Teams will register for their night of play and be placed in the appropriate league / division (based on player rank & team PPD).

ADL Player Ranking Levels: *adjusted in 2002*

0 = 30.00 + ppd

1 = 26.00 - 29.99 ppd

2 = 22.00 - 25.99 ppd

3 = 18.00 - 21.99 ppd

4 = 17.99 - under ppd

Once a player moves up (from a 4 to a 3, 3 to a 2, 2 to a 1 or 0, they will stay at that ranking level for a minimum of three years as a regular player regardless if their PPD average for the rankings is lower the next year.

- Not playing for any length of time as a regular player in the Fall / Winter leagues or just sparing does not count towards the 3 year minimum. The last known rank and PPD on file will be compared & possibly used.
- Players may be moved down if after 3 seasons as a regular player their Player Ranking PPD falls below the criteria each of those (all) 3 seasons.
- If you play for another operator the previous year, we will need to see those stats as well. The higher stats will then be used (based on how the Player Rankings are determined).

Tuesday Team Cap: 75.00 ppd & under

Player Cap: under 22.00 ppd (rank 3 or 4)

Thursday Team Cap: 95.00 ppd & under

Teams League / Division placement based on
Player Ranking & Team PPD

How the ADL Player Rankings are determined:

A comparison is done from the previous dart year and averaged out between:

overall regular season league play vs

overall league playoff vs

a cricket-to-ppd conversion from all leagues & playoffs

The highest of these 3 totals is used to determine your upcoming Fall season starting PPD.

Regular league players will use the PPD listed.

Players with * (under 24 overall games) or ** (24-48 overall games) will have their ppd compared to previous rankings.

Spring / Summer League regular season, ppd/cricket conversion & playoff stats will be looked at for those with minimal games played or new players. The higher will then be used.

Players with PPD/MPR stats not from an Aactive Dart League will have their player rank determined by league vs playoff vs cricket conversion as required.

New players with no averages on file will be assigned a PPD average & placed at the discretion of the Aactive Dart League.

All decisions by the Aactive Dart League are Final.
